

Seafood Health Facts: Making Smart choices

Balancing the Benefits and Risks of Seafood Consumption

Resources for Healthcare Providers and Consumers

Seafood Safety [1]

These pages contain information about seafood safety for patients and consumers as well as healthcare professionals.

Patients and Consumers [2]

These resources are intended for healthcare providers' patients and consumers who purchase and eat seafood.

Healthcare Professionals [3]

These resources are for professionals who wish to have a more detailed explanation of the major concepts summarized in publications for the public, but do not have the time or desire to read journal articles or lengthy scientific publications.

Scientific Publications and References [4]

Designed for individuals interested in reviewing the results of studies published in scientific or medical journals or by government agencies or health organizations.
